

***just an individual suitcase***

© 1970 John Sturgeon

just an individual suitcase  
to unpack the world's myth,  
yet folding away the days  
I remind myself

try on how everyone's clothes  
fit me, exactly

a fabric, the human costume  
all parts belong  
but, this is temporary housing  
clutching socks of memory  
I am in quest  
of plumbing
